CHIEF EXECUTIVE OFFICER REPORTS

ITEM NUMBER 4.1
TITLE CEO Update
REFERENCE 294142
AUTHOR Millicent Nhepera, Governance Officer

RECOMMENDATION**That the Authority**

- a) Receive and note the CEO update.

SUMMARY:

Welcome to the first tele-conference TCLA meeting, meeting will be conducted via telephone/video until the current restrictions are lifted

We find ourselves in a new environment, COVID-19 has caused a number of challenges within council.

Numerous council facilities and programs have been suspended and public spaces closed. All youth services have been suspended, the pool, playgrounds, a section of Purkiss and Lake Mary Ann are closed until further notice.

On a positive note work has continued on the Purkiss redevelopment plans, the bike path and the new youth centre for Tennant Creek. We are continuing to negotiate with the Department of Tourism around granting \$300k for the proposed upgrade at Lake Mary Ann, at the time of writing the matter had not been resolved.

Council has prepared for the onset of the coronavirus in our Region and while we hope we do not need them, contingency plans have been developed to make sure core council services continue.

Council is also giving rate payers an additional 3 moths to pay rates, this is to assist those directly impacted by the loss of business or interruption to normal employment. Council is considering some further measures to assist those impacted so watch out for future announcement from Council.

In these uncertain times please take care and remember:

Wash your hands

Keep 1.5m apart

And if your sick stay home and see a doctor.

GENERAL BUSINESS

ITEM NUMBER	6.1
TITLE	Response to Letter from Linda Renfrey
REFERENCE	294176
AUTHOR	Millicent Nhepera, Governance Officer

RECOMMENDATION**That the Authority**

- a) Receive and note the report.

SUMMARY:

Council received correspondence on 11 March 2020 for inclusion in the Agenda for the current meeting. The correspondence from Linda Renfrey is attached to this report. This report details a response to the matters listed.

BACKGROUND

Feedback is always welcomed from LA members, below is the response to the suggestions Linda has made.

a) Regarding the following:

- Shower heads in the female toilets need to be replaced. Current ones are badly clogged with calcium and spray everywhere
- Removal of dead trees around town
- Removal of the dead trees around the front of the pool area
- Planting of new shade trees out the front

These are all operational matters for Council. These are noted, and are dealt with according to the council's established priorities and capacity.

b) Regarding the following:

- Sprinklers along the main street appear to face the bitumen instead of the grass - especially along the BP area
- What's happening with the entry way statements?

These are matters that come under the Department of Infrastructure, Planning and Logistics (DIPL). Any questions or observations should be referred to the Department.

c) Regarding the following:

- Female toilets at the pool – need to be upgraded. You need to shuffle sideways so that you can close the door to the toilets in there
- Art wall on the parking side of the hall – this could be a senior High School art project / competition (think silo art)
- Clean up and landscape in front of Civic Hall
- Decent play ground with shade and matting at the pool
- Landscaping on the median strip / parking area of the pool

These are projects that this Authority can consider funding. If this is the case however, Council would also need to consider whether the maintenance is within the Council's means, before the work can commence.

d) Regarding the Staunton Street – large vacant space area

- Landscape it – might be a good place for a community garden?
- This area could also be used for bike riding / training park – something for families

This area is earmarked for a Dog Park, a bike/walking path is currently being designed to run along the main drain and has been funded by the BBRF

e) Regarding: Footpaths around town that are more user friendly to people in wheel chairs

Council has a policy regarding footpaths. There are funds dedicated to this annually. This year the money has been spent on refurbishing footpaths. These are done on a priority basis as the discretion of the Council. LA members are encouraged to provide locations of damaged footpaths

f) Regarding the White Tank Hill- walk path and lighting up the hill:

This can be added to the five-year infrastructure plan for the Tennant Creek.

g) Regarding the Showgrounds- planting trees in the side show alley

This is not a Council Asset so council's involvement is limited.
