**RECOMMENDATION****That Council**

**SUMMARY:****JULY OPERATIONS DIRECTORS REPORT**

Community visits have been at the top of my priorities this month.

I have attended all communities at least once this month. I am doing my best to give all Area Managers extra support as we move out of the Bio Security lockdown.

During my visits, we have been working hard on getting all the plans and estimates finalised for the drought funding projects throughout the area. I am hoping to have some ground work started on these within the next couple of months.

Tim Hema and I are working with the Ali Curung Local Authority to hold a public consultation meeting around the location of the new sport and recreation building. This build is being funded through the Building Better Regions Fund. It will be exciting to get this build underway as it has been on the 5-year infrastructure plan for 3-4 years.

One of the high lights of my community visits was finding out that Rainbow Gateway in Ampilatawatja are going above and beyond to help their Community even though they are only running on voluntary participants. The CDP supervisor Reg was only to happy last week to get all his volunteers and go help out at aged care when we had council staff of sick. Thanks to Rainbow Gateway and Reg for their help.

In Tennant Creek, the municipal staff have been busy pulling out old tree stumps and cleaning up dead trees so they can start planting new trees. This has all been part of the plan put forward by the Environmental Sustainability Sub Committee. Once all the stumps are out the team will drill new holes, treat it with white ant spray, and then plant the new trees. This is being done alongside their usual core duties so it is great to see this running so smoothly.

The Landfill team has also had some extra duties thrust upon them last week with all the IGA stock having to be buried at our landfill. Thanks to Matt and Kev for working with Jimmy Phillips to ensure a big, enough hole was dug to accommodate the damaged stock.

All in all the Operations Directorate continues to be the quiet achievers and continue to do their jobs very well with very little fuss.
