CHIEF EXECUTIVE OFFICER REPORTS

ITEM NUMBER	4.1
TITLE	Monthly CEO Report

RECOMMENDATION**That Council:**

- a) Receive and note the October CEO Report.

SUMMARY:

The month of September Update by Acting Director of Operations Shelley McDonald.

- Local Authority meetings were held in all communities with a quorum with Ampilatwatja having all members present at the meeting, many innovative projects have been added to the action item lists, along with jobs completed.
- I attended three of the Local Authority meetings with the Mayor and it was interesting to see how they ran in comparison to Elliott and still achieved successful outcomes, it was also a great chance to visit two communities I had never been to.
- I was impressed with the cleanliness of the Wutunugurra Community especially the yards of the residents and I spoke to Owen the Area Manager to get some tips on how he achieved this result with the Community.
 - I was also impressed with the Alpururulam Community they also had a clean community free of most rubbish, Troy took me for a drive around the community and it was great to see the Telstra Tower finally being installed in the Community, along with the essential services they have to help keep the Community going.
- The Mayor and Makhaim attended the other three LA Meetings, the Mayor chose to take an extended stop-in, to visit the work crew upgrading the Barkly Stock Route on the return from Elliott and have his monthly photo shoot with the crew and their equipment.
- I also attended a few meetings while in Tennant Creek the Council meeting, WHS meeting, Directors meetings, infrastructure meeting with Elai around roads in the Communities, it has been great to attend the meetings in person instead of over the phone.
- I have really enjoyed my time acting as Director of Operations for this period it has been great to see how the other half live, instead of just quick visits in and out of the offices, I will be handing back over to Tim Hema who will take over the acting Director role until Mark returns from leave and return to his role as Director of Operations.

I arrived back at work on the 7th of October fully refreshed after 2 weeks leave. My first week back was spent going over the past 10 weeks with Steve to make sure he was brought up to speed on Council events.

I also attended the Ali Curung and the Elliott Local Authorities, which both made quorum and had good discussions.

Whilst in Ali Curung it was quite obvious the efforts that are being made by Rise-Ngurratjuta to get CDP operating again. They are working in well with our team, and they seem to be getting consistent numbers of 18-19 participants a day to the men's programs and 7-8 to the ladies. I have passed my appreciation on to their supervisor on Councils behalf.

My second week back has had me out in the communities showing around Paul Rogers from aaX Technologies who is doing the external review on councils behalf. Paul and I travelled to

Ali Curung, Ampilatwatja and Alpurrurulam over a three day period. Paul had meetings with Area Managers and council staff. He also caught up with some Councillors and LA members.

Whilst tripping around we encountered some pretty average road conditions. The roads from Ampilatwatja through to Alpurrurulam has large pockets of bull dust which were quiet deceiving in depth. Most of these pockets where in areas that have been graded. Once we got passed the graders the surface was harder and a lot better to drive on.

Whilst in Ampilatwatja I was able to organise a meeting with Colin Saltmere. Colin is the CEO of the Myuma group who run the rainbow gateway CDP organisation. I have been trying to get a meeting with Colin for a number of months, so this meeting was quiet fortuitous. I have now been able to organise for Colin to attend our council meeting in November. Colin is open to talks about signing an agreement with council similar to what we have recently signed with Rise-Ngurratjuta. I am hoping this will start a stronger relationship between both of our organisations.

As I have mentioned over the last few months I enjoyed my time as the Acting CEO and am very grateful for the chance to do this. In saying that I am happy to be back in my normal role and to have the chance to travel around the Barkly.

Mr Steve Edgington
Mayor
Barkly Regional Council
PO Box 821
Tennant Creek NT 0861

Dear Mayor

My letter relates to an invitation to attend a Barkly Regional Council meeting in Tennant Creek on Thursday 29th August 2019.

I was advised you requested a briefing, at that meeting, for Barkly Regional Councillors on the Northern Territory Governments housing programs in relation to Tennant Creek and the Barkly.

Please accept my apology for not notifying you of my inability to attend that Council meeting, as the invitation came to the Electorate office, with the request for briefing notes forwarded to the Ministerial office, unfortunately resulting in an oversight of acknowledgment and RSVP to the Council email received.

However my apology was necessary due to my commitments and obligations at the 4 day Australian Housing and Urban Research Institute 2019 Conference in Darwin that week, hosted by the Northern Territory, in partnership with my Department of Local Government, Housing and Community Development, accepted in August 2018.

However please find the attached document 'Barkly Region Overview - Housing' as a briefing paper for Barkly Regional Councillors.

I would be honoured to attend a Council meeting in the future to discuss the briefing paper if requested and only respectfully ask for an adequate timeframe to allow both Ministerial and Member for Barkly diary planning.

Thank you for your consideration of my correspondence and I look forward to being of assistance to the Council if requested.

Yours Sincerely

Gerry McCarthy

Good afternoon Tim,

Thank you for chatting to me this afternoon. As discussed, we are tendering for the road widening works on Kinjurra Road that is currently open for submissions. Details can be found:

<https://tendersonline.nt.gov.au/Tender/Details?id=6723>

It is the widening of the road from CH5.45km to 9.65km. If Remote Industries Australia is the successful tenderer we would like to give back to the community while completing the works and would like to know what needs to be done in the community that we could assist with. Would there also be anyone in the community looking for work in a civil crew that we could perhaps train and give skills to as a Machine Operator (Roller) – no previous experience necessary. We can also assist with them getting their Construction White Card.

We are hoping to be the successful tenderers and are open to any suggestions that will allow us to have a positive impact in the community should we win the work.

I can be contacted any time on 0457 315 649. I look forward to hearing from you.

Kind regards

PAW are prepared to train employ local radio broadcaster in Ali Curung for 15 -20hours per week. They are also keen on applying for funding to upgrade the equipment.

The broadcasting licences will need to be transferred over to PAW Media if this is to happen of which currently BRC hold.

CAAMA Radio also have expressed interest in taking over the Radio Broadcasting. This was discussed at the last LA Meeting in which they will provide the same as PAW media.

Local Authority need to decide if they are happy to remain with the current provider PAW Media or change to CAAMA Radio and are happy to transfer the licences over to the preferred provider.

REPORTS FROM BARKLY REGIONAL COUNCIL

ITEM NUMBER	10.3
TITLE	Youth Justice Centre
REFERENCE	285522
AUTHOR	Makhaim Brandon, Administration Officer

RECOMMENDATION**That the Authority**

- a) Receive and note the report from the Youth Justice Working Group;

SUMMARY: PART 1

The Youth Justice Facility Working Group met on Wednesday, 11 September 2019. At this meeting, the Chair provided an overview/ background of what has been covered, discussed and agreed on thus far. More specifically, the Code of Conduct was touched on, the three (3) site options were clarified, and emphasis on the timeliness in order to meet and achieve expected deliverables on time were discussed. It was noted that as a Group it was an ambitious aim to get concepts out for community consultation prior to this meeting (to seek community feedback), and recognised that the Group is not going to meet these timelines.

Following this, an update was provided by Territory Families on revised maps of the three (3) site options. Map 1 showed the three different locations. It was stated that the exact scale and location of facility would be negotiated once preferred site was finalised. All three sites have similar costs around service provisions. In summary, size of blocks are similar and service costs across three sites would be similar overall.

Territory Families discussed that planned meetings with Patta are to take place where Patta are looking at formalising steps and process with Territory Families. Territory Families also provided an update on Diagrama, and are working with Danila Dilba on drafting a scope of engagement. Diagrama Consultants are likely to be visiting Australia towards the end of November to engage with stakeholders, community and Barkly Working Group

Lastly, there was extensive discussion from the Working Group on the Pro's and Con's for each of the three (3) site options presented.

Actions from this meeting included:

- Working Group to send through additional Pro's and Con's points by Friday, 13 September 2019.
- Time required for Territory Families to meet with Patta to discuss site options 2 and 3.
- Pending these discussions, the Working Group may be in a position to possibly get going on community consultation prior to the next meeting.

Next Working Group meeting to take place on Wednesday, 9 October 2019, 11am to 1pm. Tim Candler will provide a further update to Council During his presentation.

Public Consultation – Site options

The working group decided on multiple ways of consulting with community and chose to do so in line with council guidelines utilised for consultation around Purkiss reserve which was suggested by members of the working group and the co-chairs.

Survey Monkey was used for the public consultation. The survey included all three sites and which was the preferred first, second and third option. An updated copy of the survey results

will be presented at the Council meeting.

To ensure that the entire Barkly got an equal opportunity to participate in the public consultation process we displayed the advertisement in the Tennant Times for two weeks, on Facebook, on the Council website and had printed copies put on the community notice boards.

To cast as wide a net as possible, paper copies of the survey were also provided to the Area Managers and to Barkly Regional Council Reception so those without internet access would have the opportunity to have their say.

Juno Option

Option one is listed as a parcel of land located on our Juno property. In July when I went on leave I was advised that Juno was off the table due to being located too far from Tennant Creek. We were advocating for Juno to be considered as an option.

As per the attached site map the proposed Juno site appears to be located adjacent to the Department of Education Lease. Council has previously discussed making better use of the Juno property and leasing a section of land for the Youth Justice facility would meet the requirements of the proposed Juno Policy.

Should Council be in support of considering a lease on the Juno site for the proposed Youth Justice Facility we request that Council pass a motion conveying Council's in-principle support for the property to be leased at a negotiated annual lease fee.

The current Education lease attract an annual lease payment each year.

SUMMARY: PART 2

The Youth Justice Facility Working Group met on Wednesday, 23 October 2019. At this meeting, a 'Briefing Paper on Site Selection' was introduced. It was also confirmed that the Working Group are currently in Phase 4 / 5, of the Site Selection process – **formulate final recommendation to Barkly interim Governance Table**. Other matters discussed included, Diagrama consultation process and feedback, and public consultation process and feedback including survey results.

Next steps for Youth Justice Facility Planning:

- Detailed design of facility needs to be approved by Governance Table before funding can be sought.
- Consider program design.
- Once program design is defined, Territory Families can procure providers to manage facility.
- Design and construction money is available for 2019/20 FY. Construction to commence prior to June, 30 2020.
- Procurement of service and program funding is available for 2020/21 FY. Procurement to commence by June, 30 2021.

Diagrama consultation process:

- Two day visit in Tennant Creek (w/b 14 October 2019).
- Site visits plus public consultation sessions and one on one sessions with community.
- Some verbal findings were discussed.
- Formal report of findings expected mid November 2019.

Diagrama feedback:

- Methodology – setting clear boundaries and building relationships.
- Boundaries across all staff are identical; same rules apply for all.
- Healthy life promotion.
- Incentive based measures (ability to earn privileges).
- Provision of normalised services and safe environment.
- Diagrama did not have a site preference but site selection would depend on type of program used.
- Site close to town would not work if family were able to come and go as they please; would need a secure facility or have a transport service for out of town options;
- Strong suggestion for out of town options (Peko Road and Juno) however Aboriginal land option would be the better option as youths would have connection with land and country.
- Might be challenged with operational budget to operate Diagrama model – min. nine staff required.
- Structure and design similar to Saltbush in Alice Springs.
- Secure facility needed or fenced off area i.e. boundary.
- Three different models
 1. Fully enclosed facility i.e. Dondale
 2. Part open facility i.e. youth can go in and out
 3. Fully open facility i.e. Saltbush model
- Julalikari and Central Land Council also provided some general feedback from their meet with Diagrama.

Public consultation process:

- Online survey accessible via BRC website.
- Paper surveys distributed through Local Authorities and Area Managers to each community, plus manned table at IGA Tennant Creek.

Public consultation feedback:

- 98 online surveys completed
- 167 paper surveys completed
- Combined survey results
 - 54% - Juno
 - 25% - Peko Road
 - 21% - Udall Road
- Residents who completed paper surveys indicated they preferred something further out of town with space.

Recommendation:

The recommendation to be put forward to the Governance Table is a site on native title land that is out of town with a caveat that construction is to commence by June 30, 2019. Transport must also be guaranteed. Due to requirements of government funding, it must be decided by December 31, 2019 whether Peko Road is a viable option due to construction timeframes; if not, then preference would be for Juno.

Actions from this meeting included:

- Consider design and layout of facility. Concept design provided for inspiration.
- Working Group recommendation to be put forward to Governance Table.

POLICY

TITLE:	Community Consultation Policy		
DIVISON:	Public Relations		
ADOPTED BY:	Council		
DATE OF ADOPTION:	July 2019	DATE OF REVIEW:	July 2022
MOTION NUMBER:	CP 218/19		
POLICY NUMBER:	CP04		
AUTHORISED:	Chief Executive Officer		

THIS POLICY APPLIES TO:
 All employees and Elected Members of the Barkly Regional Council (Council)

SUMMARY

This Policy outlines Council's commitment to maintaining strong community consultation and engagement, particularly with the remote communities within the Barkly region and establishes the principles by which the Council will undertake community consultation. By providing a quality level of community consultation in line with Council's Remote Communication Policy and the Remote Engagement and Coordination Strategy, Council will provide a more efficient communication network and ensure that all voices within the region are heard and considered.

OBJECTIVES

This Policy aims to:

- Promote an efficient two-way communication network with the effective exchange of important information;
- Ensure Council's commitment to maintaining sound community consultation, particularly in the Barkly communities;
- Clearly establish when and how community consultation will occur;
- Accurately identify the true issues raised at each consultation; and
- Outline how the consultation process will be managed.

BACKGROUND

Council recognises the challenges associated with remote communication in the Barkly region due to the many cultural groups, languages and cultural practices within the region and acknowledges that the understanding and respect of these different ways is critical to successful work in these communities.

Engaging with the community is part of Council's undertaking to operate with high standards of communication, transparency and openness. This undertaking ensures that Council is open and accountable to the community and provides sufficient opportunity for feedback. Council recognises that the community are knowledgeable and passionate about their communities and intends to involve the relevant community in the decision making process in decisions that affect their interests.

 Review Date: October 2022Page 1 of 3

POLICY

Community consultation allows Council access to wider sources of information, points of view and potential solutions. It gives the community a better understanding of the issues behind the decision making process and the related constraints or opportunities that exist. Council acknowledges that by involving a cross section of the community in a consultative process, it can make better decisions.

POLICY STATEMENT

This Policy is based on the Remote Engagement and Coordination Strategy and the International Association for Public Participation (IAP2) model as amended from time to time. This Policy aims to complement the existing IAP2 model and in the event of an inconsistency between this Policy and the IAP2 Model, the provisions of the Model takes precedence. The link for the IAP2 is provided in the Reference section of this policy.

POLICY

Throughout the process of community engagement, there is likely to be movement back and forth along the Spectrum as the plan is implemented and/or before Council makes a final decision.

BEST PRACTICE GUIDE

While many aspects of engagement and coordination are universal, some are specific to the work that takes place in remote areas. Council will consider the below when seeking community consultation:

1. Community

Each community has its own cultures and own dynamics and these must be considered when providing information to and receiving information from remote communities.

2. Project

The project and the reasons for the project's inception must be clearly communicated in a mode and method suitable to that community's needs. The community must be involved in the inception of the project idea and the design scope and must be clearly informed of the process leading up until the completion of the project.

3. Relationships

Council is committed to maintaining sound relationships with the local people of our communities. These relationships will be facilitated by the Area Managers and Team Leaders and through the Local Authorities of each community. Particular emphasis will be placed on ensuring that the projects up for discussion are made with the free informed consent of the local constituents of the location the project is proposed to be undertaken.

4. Time

Council will allow for as much time as reasonably practicable given the circumstances to ensure that the topics up for discussion are discussed in a considered and structured way. There will be no time constraints on the decision-makers to decide on a project unless a date is clearly specified and communicate to those people.

5. Communication

Communication is a critical aspect of the community consultation process. Council will ensure that once a decision has been made on a particular issue, that community will be fully informed of the actions arising and the follow up steps. Particular attention will be given to the manner in which the feedback is provided to the community.

PRINCIPLES

Council will:

POLICY

- Involve and inform the relevant community in a manner and method relevant to them about key decisions that may affect them and consider all reasonable suggestions raised;
- consult with the Local Authority of a particular community prior to making a decision if a decision may affect that community;
- Ensure the best interests of the community prevail over individual or vested interests; and
- seek to balance community views and interests with other influences such as budgetary constraints.

Request to make a Presentation to a Local Authority

(Request must be made in writing one week before a Local Authority meeting).

Dear Chair of the ALI CURUNG Local Authority,

I am requesting your permission to make a presentation to the ALI CURUNG Local Authority on Monday 11th November 2019 at 1PM.

Give the Local Authority Information about the Hearing for Learning Initiative, a \$7.9m community-based service enhancement program which aims to train and integrate locally-based Ear Health Facilitators into existing services to assist Aboriginal and Torres Strait Islander children with ear and hearing problems.

Speaking points that BRC will insert into the Local Authority minutes as a record of your presentation/report:

In remote communities, of every 10 Aboriginal children under 3 years of age, 9 out of 10 have ear problems and 2 out of 10 have "runny ears".

Children with ear problems cannot hear properly, they have trouble listening and talking, and may behave badly because they misunderstand their parents, teachers, and friends. Children with hearing problems often don't want to go to school.

Many episodes of ear disease are painless and may not be detected for months or years, or when the ear drum bursts or the child's poor speech, language or bad behaviour are noticed by teachers. Guidelines therefore recommend regular ear checks for all children.

The Hearing for Learning Initiative aims to address the crisis in ear and hearing health of Aboriginal children by working in 20 Northern Territory communities, training up to 100 casual Trainees and providing funding for the employment of up to 40 part-time Ear Health Facilitators to screen 5000 children 0 to 16 years of age.

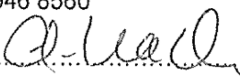

Because it is a Phase III stepped-wedge cluster randomised trial, all 20 communities need to agree to be part of the project by the end of 2019. Communities will be randomised to a start date beginning at six-monthly intervals between 2020 and 2022.

NORTHERN TERRITORY ENROLMENTS AND VOTING

In the 2016 Territory election there were 135,506 electors on the roll, but only 100,304 voted at the election.

At 30 June 2019 there were 140,064 Territorians on the electoral roll. According to Australian Bureau of Statistics it is estimated that there are a further 26,072 Territorians missing from the electoral roll and approximately 16,000 are Aboriginal.

Estimated enrolment rates 30 June 2019

The Australian Electoral Commission’s automatic enrolment update system works well in urban locations, but is not as effective and efficient in rural and remote regions, the gap between the bush and urban areas in terms of roll accuracy is widening.

Consistently, voter participation is lower in remote communities.

Enrolment and voting rights and responsibilities

Citizens of a democracy have the right, within reason, to speak freely and to vote in free and fair elections to decide who will represent them in government.

The right to vote is one of the privileges of living in Australia – it allows us to have a say in who runs our country and who will make decisions on our behalf.

The right to vote carries with it the responsibility to vote, to use our vote wisely, and to respect other peoples' right to vote in the manner they choose.

When we vote in an election, we may not always get the government we would prefer, because a majority of people may vote for candidates who represent other interests. If we vote, we can have our say, but if we don't vote, we have no say at all.

Voting in the Northern Territory

Commonwealth and NT laws require Australian citizens aged 18 years and over to enrol and to vote in government elections (compulsory voting).

Electoral enrolment

Australian citizens can enrol to vote at 16 years of age, but can only vote when they are 18 years or older.

To qualify for voting a person must:

- Be at least 18 years of age
- Be an Australian citizen or a British subject who was enrolled on 25 January 1984 *and*
- Have lived at their current residential address for at least one month.

To enrol for the first time, change your address details or get back on the electoral roll, you can enrol online at www.aec.gov.au. You will need to provide **evidence of your identity**. You can use your driver's licence, Australian passport number or have someone who is enrolled confirm your identity. Please note that the AEC cannot accept any other forms of identification, such as 18+ or Proof of Age cards.

Details from the enrolment form are entered on the electoral roll, a list or register of the names and addresses of everyone in Australia who has completed an electoral enrolment form and is now enrolled to vote. The electoral roll is maintained by the Australian Electoral Commissioner (AEC).

Electors must update their enrolment if they change their name and/or address. You can update your enrolment details online.

The electoral roll closes soon after an election is called, and personal details should be checked for accuracy before then.

Voting

Every person listed on the electoral roll is eligible to vote at all elections for the area in which they are enrolled – for federal, State/Territory and local government (council) elections.

During an election, the electoral roll is available at each voting centre so that the eligibility of each voter can be checked. Everyone who votes at an election has their name marked off the electoral roll as having voted for that election.

In the NT, electors listed on the electoral roll must vote in federal, Territory and local council elections being held in their area. If a person is enrolled but does not vote, he or she may receive a letter asking for an explanation, and if the reason is not accepted they may have to pay a fine.

Access to enrolment information

The electoral roll can be inspected on an e-roll at any office of the NTEC or AEC. Only names and addresses are provided on the publicly available electoral roll.

Under NT and Commonwealth legislation additional information, such as title, postal address, gender and date of birth or age range, may also be provided to:

- Members of Parliament
- Political parties
- Candidates (federal elections only)
- The Sheriff for the preparation of jury rolls *and*
- Approved medical research and public health screening programs.

Information is also provided to a number of Australian government agencies. Further details are available from the [AEC's website](#).

Special enrolment provisions

Any person who has safety or security concerns can make special arrangements with the AEC so that their address does not appear on the electoral roll.

Arrangements may also be made for electors who:

- Due to illness of infirmity are unable to travel to a voting centre
- Are temporarily overseas
- Are travelling for an extended period of time
- Have no fixed address
- Live more than 20 kilometres from a voting centre
- Are unable to physically sign a form *or*
- Are in prison.

INFORMATION SHEET

Northern Territory Electoral Commission

The Northern Territory Electoral Commission (NTEC) is an independent government agency responsible for the impartial conduct of Northern Territory Legislative Assembly elections.

The NTEC was established on 15 March 2004, following assent to the 2004 [Electoral Act](#). Before the Commission was set up, electoral administration was carried out by the Northern Territory Electoral Office, a unit of the Department of the Chief Minister. The office was then headed by a Chief Electoral Officer for the Northern Territory.

Under the 2004 Act, the Commission assumed all of the responsibilities of the former Northern Territory Electoral Office. In addition, it was also charged with new responsibilities, including the promotion of public awareness of electoral matters, the conduct of electoral research and the administration of party registration and financial disclosure by political parties, political entities, candidates and donors.

Staffing

Since 2004, the chief executive officer of the NTEC is the Electoral Commissioner who is appointed by the Northern Territory Administrator following advice from the Chief Minister. Before an appointment is made, the Chief Minister consults with the leader of each political party represented in the Legislative Assembly and any independent member of the Legislative Assembly who is not affiliated to a political party. The Commissioner is appointed for a fixed term of 5 years under the [Electoral Act](#).

A small number of permanent staff is employed in the NTEC's two offices in Darwin and Alice Springs. During general Legislative Assembly or council elections, over 400 people are employed to fill polling positions and provide corporate support.

Purpose and functions

The major function of the NTEC is to conduct elections and referendums for the Legislative Assembly.

It also conducts elections for other clients including municipal and shire councils, and a broad range of non-government clients.

Other functions include:

- Assistance with maintenance of electoral rolls
- Provision of information and advice on election matters to the Minister, Cabinet, political parties, candidates and Territory authorities
- Undertaking public awareness to educate and provide information to the public, including school children, on electoral matters
- Researching electoral matters
- Registration of political parties
- Administration of financial disclosure by political parties, candidates and related entities
- Assistance towards the redistribution of electoral boundaries.

Local Government responsibilities

Under local government legislation, the NTEC MUST:

- Ensure council electoral roll data are correctly updated
- Provide roll products for electoral events
- Approve certain electoral forms for use in elections
- Be consulted over elector representation reviews.

Prior to 2012, councils appointed a returning officer to conduct elections on their behalf, including general council elections every four years and not infrequent by-elections when required. From May 2012, the NTEC is responsible for conducting all council elections.

Vision and mission

Our vision is to be widely recognised for expertise and excellent performance in electoral administration.

Our mission is to provide impartial, high quality and accessible electoral services that are effective, efficient and delivered in accordance with the law.

Values

The following corporate values are considered vital to our success:

- Integrity
- Impartiality
- Transparency and accountability
- Commitment to high standards of service delivery
- Commitment to continuous improvement
- Respect for the law.

Legislative base

How the NTEC conducts and reports elections is guided by the:
