

BARKLY REGIONAL COUNCIL

OUR VISION

We strive to be responsive, progressive, sustainable council which respects, listens and empowers the people to be strong.

The Way We Will Work

We will make it happen!

We will be engaged and have regular opportunities to listen.

We will have strong policy and budgets to ensure our programs and services are progressive and sustainable.

Respect is shown in everything we do and we have acceptance of all cultures in the Barkly Region and their practices through a culturally competent Council.

We are a responsible Council.

We will be a responsive Council.

We want to empower local decision making.

We want to ensure that our services are sustainable and that our region has a standard consistent level of services.

We want to be able to sustain our environment – our communities, our physical places, our people and our organisational culture.

We will aggressively pursue additional funding from both levels of government to improve the standard of living of people across the region.

We need to be realistic, transparent and accountable.

CEO REPORT ON CURRENT BRC SERVICES IN LA AREA

ITEM NUMBER	8.1
TITLE	CEO Report
REFERENCE	262035
AUTHOR	Mark Parsons, Operations Director

RECOMMENDATION**That Council****a) Receive and Note the Report****SUMMARY:**

- Three Local Authority meetings took place this month, these were Elliot, Alpurrurulam and Wutunugurra. Ali Curung and Ampiliwatja were called off due to sorry business and Arlparra are still waiting on receiving applications to join the Local Authority, there is currently only two active members.
- We are still advertising for Local Authority Members at Arlparra as we are down to only two people on the LA. This LA has not functioned for a long period of time, we are still trying to work with our representative on the ground to improve the situation.
- All Local Authorities were represented at a decision making workshop in Tennant Creek this month. This is an NTG initiative that we assisted to coordinate. All the Local Authority members that attended gave good feedback about Local Decision Making and we hope this will have positive effects on the Communities. I will be involved in follow up talks around this with the LA's in December.
- Ali Curung has seen unrest again this month with fighting breaking out. I have been coordinating with our Area Manager to ensure all our staff are safe. We had some of our staff come into to Tennant Creek with their children as a precaution. A big thank you to Tim Hema, our AM as he said he would stay to ensure the safety of our local staff and infrastructure on community, he also ensured essential services continued to be delivered, including power.
- I am working in with the Mediation team from the Community Justice centre in Darwin to organise mediation training for Ali Curung. I have advised them of the situation in the Community and we will work with them, MP&C and NTG to organise a suitable date for the training to resume.
- The last two Months have been very disruptive on the Communities with a lot of sorry business and other factors affecting a lot of our core services. The Area Managers and I are still in contact on a daily basis to ensure that the communications between Tennant Creek and the surrounding Barkly Communities are kept open at all times. Through this we can minimise the effect it has on our Council services.

OTHER BUSINESS

ITEM NUMBER	17.1
TITLE	Softball Oval Lighting
REFERENCE	261827
AUTHOR	Tim Hema, Area Manager - Ali Curung

RECOMMENDATION**That the Authority**

- (a) Recommend that Council endorse the allocation of \$27,760 of Local Authority funds to the installation of Lighting at the Softball Oval, based on the quotation provided by Mike Nash Electrics being the preferred quotation received.

SUMMARY:

Attached are x3 quotations for Lighting installation at the Softball Oval.

One quote was not competitive. The second quote was competitive but scoped the fitment of 1000W LED Lights. A requote was requested on 29 Oct 2018 based upon 300W LED lights and 10 meter poles. This re-quotation has not yet been received at 1100hrs 26th November 2018 , prior to completion of this report.

Recommendation is to go with Mike Nash Electrics as it meets the requirements with the light watts and also height of poles.

Request to make a Presentation to a Local Authority

(Request must be made in writing one week before a Local Authority meeting).

Dear Chair of the Ali Curung Local Authority,

I am requesting your permission to make a presentation to the Ali Curung Local Authority on 8 / 1 / 18

Give the Local Authority Information about

The Australian National University is working on a national study of Aboriginal and Torres Strait Islander Wellbeing, "Our Cultures Count". The research aims to understand how culture links to health and wellbeing. We are working in partnership with Aboriginal organisations, including the Central Land Council and Tangentyere Council, in Central Australia.

- Aboriginal people for a long time have been saying that culture is important for their health and wellbeing.
- Over the past three years, we have worked with many Aboriginal communities to develop a survey about culture and wellbeing. We are now collecting surveys from community members.
- It is national study, so we are talking and working with Aboriginal and Torres Strait Islander people across Australia.
- The survey asks questions about language, kinship and family, cultural practices and knowledge transfer, country and land, self-determination, community, health and wellbeing. People enjoy doing the survey, because they get talk about things that matter to them.

Speaking points that BRC will insert into the Local Authority minutes as a record of your presentation/report

BARKLY REGIONAL COUNCIL

Request to make a Presentation to a Local Authority

(Request must be made in writing one week before a Local Authority meeting).

Dear Chair of the Ali Curung Local Authority,

I am requesting your permission to make a presentation to the Ali Curung Local Authority on 08/11/18

Give the Local Authority Information about
The Trachoma program, findings of trachoma from this years trachoma screening and the schedule of screening and treatment in the Barkly for 2019.
Request permission from the Local Authority to be able to deliver the necessary service in community in 2019

Speaking points that BRC will insert into the Local Authority minutes as a record of your presentation/report
Intro: Centre for Disease Control (CDC) Trachoma Program have funding to deliver a service that endeavors to eliminate trachoma from the Northern Territory. In 2018 we found 4 of children in Ali Curung from 1 to 9 years of age had trachoma. We then provided the case and their families with antibiotics to treat trachoma.
Info: Trachoma is a germ that infects the eye and can cause scarring and irreversible blindness in adult life if not treated with antibiotics. It passes from person to person through eye and nose secretions. There are still endemic rates of trachoma throughout rural and remote Northern Territory and is mainly found in children, although anybody can be infected, including adults.
Plan screen/check the 1 to 9 year old children in all of the Barkly region in June 2019, to determine trachoma prevalence in the region. If we do find trachoma we will treat trachoma cases and their families (to stop the spread of infection) with antibiotics. This may require the nurses visiting families at their house to be able to successfully deliver the antibiotic to those who need it.

Local Authority members welcome contributions from outside agencies. We ask visitors to keep presentations to no longer than 10 minutes including questions. * Presentations are not minuted by BRC staff.
