

BARKLY REGIONAL COUNCIL

OUR VISION

We strive to be responsive, progressive, sustainable council which respects, listens and empowers the people to be strong.

The Way We Will Work

We will make it happen!

We will be engaged and have regular opportunities to listen.

We will have strong policy and budgets to ensure our programs and services are progressive and sustainable.

Respect is shown in everything we do and we have acceptance of all cultures in the Barkly Region and their practices through a culturally competent Council.

We are a responsible Council.

We will be a responsive Council.

We want to empower local decision making.

We want to ensure that our services are sustainable and that our region has a standard consistent level of services.

We want to be able to sustain our environment – our communities, our physical places, our people and our organisational culture.

We will aggressively pursue additional funding from both levels of government to improve the standard of living of people across the region.

We need to be realistic, transparent and accountable.

CHIEF EXECUTIVE OFFICER REPORTS

ITEM NUMBER	4.1
TITLE	June CEO Report
REFERENCE	373703
AUTHOR	Troy Koch, Area Manager - Alpururulam

RECOMMENDATION**That Council**

- a) Receive and note the *Operations Director's* report

SUMMARY:

This report addresses activities within Operations Directorate for June 2022.

BACKGROUND**June 2022 Operations Director Report****Summary:**

Our Communities have had the exclusion zones lifted so we can now travel to our communities I have been very busy covering the Depot Manager position as well as fulfilling my own role, recruitment for this position continues until we find a suitable applicant.

Local Authority:

No Local Authority Meetings this month.

The Communities:**Elliott:**

With the onset of colder weather down south, Elliott has experienced a high number of travellers both passing through town, and attempting to set up camp in any area they deem suitable, including the park, next to the clinic and at the airstrip. The service road outside of the Puma is regularly blocked and traffic management there is extremely difficult.

Elliott has hosted a high number of stakeholder visits throughout June including Catholic Care, Sun Cable and Balanced Choice who via their principal Adam Drake engaged the youth very successfully and it is hoped that funding for further visits may be found.

Elliott also held the Barkly Regional Co-ordination Meeting which saw numerous senior government officials, agencies and the BRC CEO Emma Bradbury come together not only for their regular meeting but take a look around our community.

The following week the BRC CEO again arrived to engage the community through the Barkly Regional Deal Governance Table meeting. This was well attended by community and hopefully some great initiative's for Elliott were presented.

Ali Curung:

This report period confirmed winter has arrived with a noticeable drop in temperatures, we also had a period of heavy rainfall which resulted in airstrip closing for 5 days.

Federal Election early voting for community was conducted on 10th May 2022. NT Covid-19 Health Emergency declaration ceased 15th June 2022 which meant community no longer is an exclusion zone. A special LA meeting was held to approve expenditure of LA Funds that needed to be committed before EOFY.

CLC held a few meetings in reference to water rights for Singleton project and Lease money projects. Shine Lawyers visited to engage community about their Law suit claiming for Lost/Stolen wages.

NT Health & Anyinginyi Health visits to community for Covid-19 vaccinations, good to see vaccinated numbers on the rise.

Staff attendance has been low due to Royalty meetings, funerals, sick and personal leave. New staff member recruited into Municipal team with x2 vacancies still remaining.

Community Care received the addition of a 12 seater van to their vehicle fleet which will be used for client excursions.

YSR supported NASCA (Orange Shirts) visit to community and are working closely with other stakeholders in preparation of NAIDOC week celebrations in July. LA member Cynthia Smith was congratulated by Local Authority board and Community members for recently graduating as a police Aboriginal Liaison Officer.

Ali Curung have a Men's and Women's team in the local AFL competition,

Alpurrurulam:

Still some staffing attendance issues in Municipal. Staff permitting, there have been twice weekly garbage collections most weeks along with airstrip maintenance and grass cutting around the community. Interviews conducted for Municipal team – two applicants have been offered part-time positions. In service centre office, one applicant has been offered a part time position as customer service officer.

Director of Operations, Night Patrol, NDIS and IT staff have visited from head office. Night Patrol has conducted interviews and is progressing toward team appointments. Community Care has conducted one interview for a vacant part time position. YSR has also conducted interviews for casual positions. Central Desert Training has had two more weeks in the community for face to face staff training.

Stolen Wages team from Shine Lawyers have had to postpone visit – new date for visit to Alpurrurulam yet to be advised.

Covid Vax team continues periodic visits. Police have visited as well as various allied health personnel and other general contractors.

Several new demountable community housing dwellings are being installed so the community is busy with tradesmen and contractors.

Emperor Air conditioning visited to install replacement a/c units in BRC buildings.

Ampilatwatja:

This month we have been advertising for two Municipal officers and two Customer service officers due to several resignations and a staff member relocating to another program with Barkly Regional Council. There has been a lot of interest in the positions from the community and I have identified some strong candidate's, hopefully will have them interviewed this week and ready for a start date later this month or early July.

The works crew has been good with a positive attitude to cleaning up town they are getting close to having the curb side council areas throughout town clear of hard/General rubbish around town with the news that the new community bins will arrive in 4 to 6 weeks will help with the ground litter around town.

Work has started on preparing the oval area for the football carnival later this year works include re-doing the perimeter area repairs to fencing and seating and straightening of the goal posts.

With the sport and rec position vacant we have had ongoing problem with youth causing damage though out the community at night and with school holidays approaching at the end of the week this is an area of great concern.

Donkeys and horses are causing a considerable amount of damage around town and are constant nuisance knocking over community bins.

All in all the feedback from the community and stakeholders has been positive and with additional staff from new positions we are heading in the right direction.

Wutunugurra:

With Donna Eddie on leave, Ray Hocking has assumed the role for a few weeks.

We have been busy cleaning up the depot, checking vehicles and maintaining council services.

The office has been functioning well, as has Sport and Rec.

The road into Wutunugurra has had a grader over it in some sections, which has made the drive in a bit easier.

I spoke with the Epenarra station in order to have the fuel pumps re opened for a short period so that locals could fill up and get into Tennant Creek to meet their scheduled appointments and shop. I have also managed to obtain seven nominations for the Local Authority and hopefully this can be re-established shortly.

The Housing for Health mob (through Territory Families) have been out here doing plumbing and electrical repairs to community houses.

The crew have been kept very busy, and community are pleased with their efforts, and hope the carpentry crew will arrive soon.

TC Depot:

The Depot Team have been great over the last month keeping on top of the Municipal works in Tennant Creek and moral continues to be very good.

The works on the Prime Mover are progressing very well with the engine recently put back in the truck and the plumbing and electrical works have commenced. I expect that the truck will be on the road by the time of the next Council Meeting.

Recruitment continues for a new Depot Manager.

**ORGANISATIONAL RISK ASSESSMENT**

The Operations Directorate has had trouble filling key positions in Tennant Creek and in the communities, which may have an impact on council's service delivery in those areas.

BUDGET IMPLICATION

None for this report.

ISSUE/OPTIONS/CONSEQUENCES

As addressed in risk assessment.

Summary

May was a slow month. Deb was away for two weeks, receiving training and giving training. The women and children tend not to use the safe house when Deb is away. The girl's group began this month.

These boxes below are some donations we received from a Church group in Victoria and the painting done from one of the clients

June was an exceptionally busy month.

With football in full swing, three things are happening:

- The men and women are getting on the grog after the game and coming back to Ali Curung drunk.
- They are also bringing alcohol back into the community.
- Some of those who remain in community, are without their family's protection, this is creating opportunity for partners and ex-partners to abuse them.

We have had issues with the Elderly women being humbugged and verbally and physically abused by drunks. We are seeking to be proactive in our responses to these situations: we have relocated one of the women, evacuated another, and are keeping eye on the third.

We began All Day breakfast on Mondays and have organised Dance and Movement Classes on Tuesday Evenings and Thursday Afternoons.

We also had a staff member resign this month.

We are heavily involved in enacting Safety and Support plans with our clients.

PROGRAMMES and WORKSHOP

- All Day breakfast on Mondays
- Girl's Group.
- Morning Tea on Wednesday.
- Holiday Playgroup.
- Yarning Circle with Candice (a counsellor).
- On-going counselling With SARC and Catholic Care.
- Dance and Movement- Zumba with the visiting Woman's Health Nurse/midwife.

Needs:

- 4wd dual cab Ute.- remote evacuations and Bush trips with the ladies and children
- External lights
- Security system
- Bus for picking ladies and children up for programmes and workshops and for excursions

It is a privilege to coordinate the Safe House. Our staff do an excellent job.

I am so very grateful that I get to serve and love the women and children of the area and endeavour to keep them safe from harm.

Deborah Aldridge

Safe House coordinator.

Thank you for enquiring with SCF. As one of Australia's largest container providers, we are committed to providing you with the most suitable containerised solution for your needs.

Please be aware that the below photos are indicative and colour may vary.

Pricing is subject to terms and confirmation of delivery details. Please contact your sales representative for a final quote.

OPTION 1: SALE

Item	Qty	Description	Price (Ex. GST)
SALE	1	BX2 20' 8'6 END DOOR CONTAINER Good condition used container - Example photos attached	\$5,600.00
TRANSPORT	1	Transport Depot to Ali Curung by Rail and Road	\$3,870.00
LIFT	1	Depot Lift Fee - ON	\$20.00

Have you thought about hiring?

If you will need your container for less than 3 years then hiring is a great option. Besides saving money in the long run, it helps preserve cash flow with small monthly payments and increases flexibility as you can change your container if your needs change. Also, if you're a small business there are possible tax deductions. Ask your sales representative to find out more.

Sub Total (Ex. GST)	\$9,490.00
GST	\$949.00
Total (Inc. GST)	\$10,439.00

Hi Tim,

I'm sorry I was unable to send this earlier, though I understand the next Local Assembly meeting is not until next Monday 18/07.

As discussed, please see below details of the Alekarenge School Upgrades project to raise with the Assembly. Please let me know if you'd like any other information and any questions that arise at the meeting.

Project description

Design and documentation of new building works at Alekarenge School, including:

- Early years preschool incorporating a Families as First Teachers (FaFT) space
- Administration building (reception, staff amenities, local teacher study and replacement of existing communications room)
- Car parking, covered walkways, covered seating area and fencing
- Demolition of Block 4, Block 2, adjacent covered walkways and fencing as required

Targeted outcomes

- A new reception and public entry improves community engagement with, perception of, and access to the school
- New fit-for-purpose infrastructure supports efforts to engage and retain students at Alekarenge School, including improvements to low student attendance rates
- New infrastructure supports preschool and FaFT service providers to improve developmental outcomes for remote children prior to school entry
- New administration and reception infrastructure supports efforts to maintain high levels of staff retention and satisfaction
- Improve accessibility within the school

Project status / next steps

- DIPL have recently engaged a design consultant who will undertake the design and documentation work
- A land survey and geotechnical investigation are planned to occur on-site over the next couple of weeks
- DIPL will shortly visit site (anticipated one day between 01/08 – 05/08), along with the design consultant and related personnel, to:
 - Familiarise themselves with site – take photos and measurements, investigate services and other items
 - Meet with school staff and community stakeholders to discuss the possible design and requirements
 - Meet with Central Land Council and Traditional Owner's to discuss Restricted Work Areas (Sacred Sites)
- Following the above, the design consultant will prepare a concept design which community stakeholders and Traditional Owners will have opportunity to review and provide feedback on. This is anticipated to occur 4-5 weeks after the site visit, though intermediate meetings may be organised if helpful to the consultant or stakeholders.
- Further opportunities for engagement with community stakeholders are likely to occur throughout the design process. The requirement for these will be determined with the consultant and stakeholders.

Thank you

Dear Emma and Tim

The Western Davenport Water Advisory Committee (WDWAC) is conducting a field trip to the Western Davenport region on 26 and 27 July 2022. The WDWAC is a statutory group that provides advice to the Minister and the Department of Environment, Parks and Water Security (DEPWS) to inform the development, implementation and effectiveness of a Water Allocation Plan for the Western Davenport Water Control District. The objective of any plan is to ensure that the environmental requirements of water dependent ecosystems are preserved, Aboriginal cultural assets are protected and water is accessible to support Aboriginal economic development, that sufficient water is available for public water supplies and stock and domestic uses and that equitable access is provided to water resources to support ecologically sustainable economic development in the region. The WAC is made up of members who hold specific water related expertise or who represent particular interests such as Traditional Owners and Custodians (CLC & AAPA), Industry (Irrigators & NT Farmers) and Environmental Groups (ALEC).

The current WDWAC membership is relatively new with members having variable knowledge of the Western Davenports region. To assist them familiarise themselves with the locality of communities, stations and cultural, ecological, geological and hydrogeology features, a site visit to various places and meetings with a number of stakeholders is planned over two days. I understand that you have already had preliminary discussions with our Regional Director, John Gaynor regarding these plans.

The WDWAC is eager to meet with the Ali Curung Local Authority members if possible at the commencement of the field trip, on Tuesday 26 July at 12.00 pm to share lunch and to discuss why they are visiting the region and what their role is. The group will be accompanied by a number of DEPWS representatives. We would be grateful if we could use your meeting space in Ali Curung and if you could arrange for members of the Local Authority to be invited to this meeting. DEPWS will arrange lunch for ACLA and field day attendees with catering through the Ali Curing store. We would appreciate you advising us by Wednesday 20th July of likely ACLA numbers.

In addition, we are seeking your assistance to extend an invitation to Derek Walker, Peter Corbett and Graham Beasley, at their request, to attend the site visits on both days as guests and observers of the WDWAC process and to provide cultural input where they consider appropriate. This has been discussed with Peter and Graham and with Central Land Council.

Site visits will commence on Tuesday 26 July at the conclusion of the meeting with the Local Authority (approximately 1.00pm) and conclude by 5.00pm that day and will recommence the following day, Wednesday 27 July, at 9.00am and conclude by 1.30pm. The CLC has advised that they will ensure transport support is provided to assist Derek's, Graham's and Peter's attendance should they wish to participate. A full itinerary will be provided when finalised.

Thank-you in anticipation of your assistance. Please call me on 0401 118 360 or John Gaynor on 0428 849 520 if you have any queries.

Yours sincerely
