

BARKLY REGIONAL COUNCIL

AGENDA

Elliott LA Meeting

Thursday 04 April 2024

Barkly Regional Council's Elliott LA Meeting will be held in Elliott's Council office on Thursday 04 April 2024 at 10:00 am.

Jeff MacLeod

Acting Chief Executive Officer

OUR VISION

We strive to be a responsive, progressive, sustainable council which respects, listens to and empowers the people to be strong.

The Way We Will Work

We will make it happen!

We will be engaged and have regular opportunities to listen.

We will have strong policies and budgets to ensure our programs and services are progressive and sustainable.

Respect is shown in everything we do, and we have acceptance of all cultures in the Barkly Region and their practices through a culturally competent Council.

We are a responsible Council. We will be a responsive Council.

We want to empower local decision making.

We want to ensure that our services are sustainable and that our region has a standard consistent level of services.

We want to be able to sustain our environment – our communities, our physical places, our people and our organisational culture.

We will aggressively pursue additional funding from both levels of government to improve the standard of living of people across the region. We need to be realistic, transparent and accountable.

BARKLY REGIONAL COUNCIL

ACKNOWLEDGEMENT TO COUNTRY

We acknowledge the Traditional Owners of Warumungu, Mudberra, Jingili, Wakaya, Wambaya, Waanyi, Walpiri, Warlmanpa, Alyawarr, Anmatyerre and Kaytetye Country on which Barkly Regional Council live and work, and recognise their continuing connection to land, waters and culture. We pay our respects to the ancestors and elders of these lands, past, present and emerging.

May we continue to work together to
Deliver sustainable outcomes through a process
Based on mutual respect and understanding.

COUNCIL PRAYER

Our Lord Jesus Christ, we trust you will guide and bless this meeting of the Barkly Regional Council. We pray that you will ensure that all discussions and decisions made today are just and fair as they will affect all people within. We also pray for your guidance to ensure that all our dealings are appropriate to all those whom we represent and will reflect an equitable and honest approach to the issues to be discussed today.

Amen

OFFICIAL MANAGER'S REPORT

Annual Regional Plan

The most critical issue for all Local Authority meetings during March and April is to provide input to the Regional Plan 2024-25 so that when the draft is presented at the next LA meeting there is clear direction from the LA members on what they want council to deliver for their community in the next financial year.

This will allow council to develop budgets which reflect your requests and for the Council to commence the process of seeking grants to address issues outside the council's immediate capacity.

CEO Recruitment

With Ian Bodill's resignation as of the 28th March 2024, the council has commenced recruitment for a new Chief Executive Officer. ANSON has been selected as recruitment agency and the application process will be open for the next four weeks up to the middle of April. We have been most fortunate to gain the assistance of Jeff McLeod, CEO of MacDonnell Regional Council for over a decade, and one of the most experienced and highly respected senior executives in local government in the Northern Territory.

Mr McLeod will act as the CEO for two months up to the end of May 2024.

Australian Citizenship

On March 21 the BRC hosted the Australian Citizenship ceremony and welcomed 12 new Australian Citizens. For a council with many highly skilled staff coming from across the world to the Barkly it is a pleasure to welcome new residents to our community.

Meeting with Senators Anthony Chisholm and Malarndirri McCarthy

The Council has met recently with Senator Chisholm, the Assistant Minister for Regional Development, to discuss the Barkly Regional Deal and infrastructure needs across the region and with Senator McCarthy on the new Remote Jobs program, in which the council is keen to be involved. The program is due to start in September 2024 and BRC has submitted a formal expression of interest.

Power & Water

The council has commenced regular meetings with PowerWater to ensure improved collaboration across the Barkly. Some of the issues raised included the replacement of streetlights in Tennant Creek, emergency power in Ali Curung (where a 3-day power failure meant the community did not have running water), the failure of Smart Meters, issues raised by the Elliott LA including the quality of drinking water, and the possibility of a solar power project at Juno.

Completion of the Investigator's Report

The report on the Investigation of the Barkly Regional Council by Ruth Morley has now been presented to the Minister for Local Government, the Hon. Chaney Paech. The report was completed on time and went to the Minister on 12 March.

DETERMINATION OF ALLOWANCES FOR MEMBERS OF
LOCAL AUTHORITIES

REPORT ON DETERMINATION NO. 1 OF 2024

1. INTRODUCTION

On 6 April 2023, pursuant to section 7E(1) of the *Assembly Members and Statutory Officers (Remuneration and Other Entitlements) Act 2006* (AMSORE Act), His Honour Professor the Honourable Hugh Heggie PSM, Administrator of the Northern Territory, issued a request to the Remuneration Tribunal (the Tribunal) to inquire into and determine the allowance or allowances payable to a member of a local authority.

The resulting Report and Determination must be tabled in the Legislative Assembly within six sitting days of receipt by the Minister.

Under section 7E(9) of the AMSORE Act, the allowances determined are effective from either:

- the next financial year if the report is made on or before 1 February; or
- from the financial year after the next financial year if the report is made after 1 February.

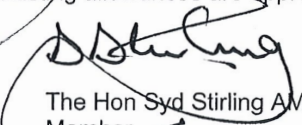

Letters were sent to all Local Government Councils in August 2023 advising them of the Inquiry. The Remuneration Tribunal discussed this Inquiry during meetings with Local Government Councils.

2. CURRENT SITUATION

There are Local Authorities within nine Regional Councils and the number of Local Authorities in these Councils range from three to thirteen. The allowance for members to attend meetings was increase in the 2023 Inquiry.

The Tribunal considers that the existing allowances are appropriate.

Dr. Leisa McCarthy
Chief Executive Officer
Anyinginyi Health Aboriginal Corporation

Dear Dr. McCarthy,

On behalf of the Elliott Local Authority Committee, I am writing to express our strong advocacy for the establishment of a sober-up shelter in Elliott, Northern Territory. We believe that such a facility is urgently needed to address the complex challenges associated with alcohol misuse in our community and to provide essential support to individuals in need.

As you are aware, Elliott, like many remote communities, grapples with significant socio-economic and health-related issues, including alcohol-related harm. The absence of a dedicated sober-up shelter leaves individuals who are intoxicated without access to safe and supportive environments where they can receive appropriate care and assistance.

A sober-up shelter would fill a critical gap in existing support services by providing a supervised and compassionate environment for individuals to sober up and access necessary support services, including medical assistance, counselling, and referrals to rehabilitation programs. By offering a non-judgmental and supportive response to alcohol-related issues, the shelter can help minimize harm, reduce the burden on emergency services, and improve outcomes for individuals affected by alcohol misuse.

We believe that the establishment of a sober-up shelter aligns with broader harm reduction strategies and represents a proactive step towards addressing the root causes of alcohol-related harm in our community. We encourage Anyinginyi Health to consider the feasibility of establishing a sober-up shelter in Elliott, in collaboration with relevant stakeholders, community organisations, and government agencies.

The Elliott Local Authority Committee stands ready to support and collaborate with Anyinginyi in this endeavour. We are committed to working together to ensure the successful implementation and operation of a sober-up shelter that meets the needs of our community and promotes the health and well-being of all residents.

We would appreciate the opportunity to discuss this matter further and explore potential avenues for collaboration. Please do not hesitate to contact us at (08) 8962 0000 or brody.moore@barkly.nt.gov.au to arrange a meeting or discuss this issue in more detail.

First Nations Connect

Telstra

firstnationsconnectcomplaints@team.telstra.com

Dear Telstra,

I am writing to address some significant concerns regarding the connectivity and service issues experienced by the town of Elliott Northern Territory, with Telstra's telecommunications services.

As a vital telecommunications provider, Telstra plays a crucial role in facilitating communication and connectivity within our community. However, recent experiences have highlighted several persistent issues that have adversely impacted both residents and businesses alike.

One of the primary concerns revolves around the reliability of the internet and phone services provided by Telstra. Frequent disruptions, slow connection speeds, and intermittent outages have significantly hindered our ability to conduct business operations smoothly and have inconvenienced residents who rely on these services for everyday communication and tasks.

I respectfully request that Telstra undertake a comprehensive review of the infrastructure and technical systems supporting the town of Elliott to identify and rectify any underlying issues contributing to the service disruptions.

I would appreciate the opportunity to discuss these matters further and explore potential solutions to improve the connectivity and service experience for our community members. Please feel free to contact me on (08) 8962 0000 or brody.moore@barkly.nt.gov.au to arrange a meeting or discuss this matter in more detail.

Thank you for your attention to this important issue.

1. PEAFOWL REPORT Elliott LA meeting March [10.2.1 - 3 pages]

PEAFOWL REPORT

THE BACKGROUND

Peafowl (**Pavo cristatus**) are an introduced species they come from India and Sri Lanka. The two Asiatic species are the blue or Indian peafowl originally from the Indian subcontinent, and the green peafowl from Southeast Asia. The Congo peafowl, native only to the Congo Basin, is not a true peafowl. Male peafowl are known for their piercing calls and their extravagant plumage. The latter is especially prominent in the Asiatic species, which have an eye-spotted "tail" or "train" of covert feathers, which they display as part of a courtship ritual. Suitable males may gather harems of several females, each of which will lay three to five eggs.

At the local authority Meeting 6 September 2023

It was mentioned about the Elliott Peacock population and what could be done.

That the LA discuss the large population of peacocks in the community of Elliott

- The peacock population located in and around Elliott has grown large and problematic.
- The LA would like to seek assistance from BRC and the animal management team to relocate most of the population to other areas of the Barkly that would accept the birds.

Investigations into interest from recognized campgrounds, caravan parks and truck stops is currently underway to relocate the population.

FERAL ANIMAL.

means a species of animal or an animal of a species of animal that is declared to be a feral animal under section 47.

I have been in touch with Peter Ross Chief Wildlife Ranger Wildlife Operations Parks and Wildlife Commission Department of Environment, Parks and Water Security Northern Territory Government and peter referred me to the Section 47(1) of the Territory Parks and Wildlife Conservation Act 1976 which says the common peafowl are declared to be a feral animal- refer to the Government Gazette attached.

LEGISLATION

Therefore, once brought under control by a person or corporation they cannot be released back in the Northern Territory. I have quoted the relevant section under the Act below:

67A Offence relating to feral animals.

A person must not release a feral animal in the Territory.

Maximum penalty: In the case of a natural person – 100 penalty units or imprisonment for 12 months.

In the case of a body corporate – 500 penalty units.

If the Shire takes ownership through catching or trapping them, it cannot release them into other areas of the Northern Territory and may have to consider lethal & humane destruction if you cannot find new owners.

GENERAL CONVERSTATION

Chris had advised me that there were about 30 last counts but the peafowl have been nesting and have had chicks Chris is not sure of the numbers as they have not been in town much and he doesn't see many around so we cannot give a total count. But believed to be double or triple. I also mentioned to Chris the peafowl are introduced species so are not referred to as a dreaming animal.

Chris has received a bit of interest from interstate and local I have received a few emails and phone from calls interstate and Northern Territory wanting to rehome.

DISEASE

Also note the Attachment peafowl psittacosis is disease that can be transmitted to humans.

Psittacosis (also known as ornithosis) is a disease caused by the bacterium *Chlamydia psittaci*, carried by birds. Humans most commonly catch the disease by inhaling dust containing feathers, secretions, and droppings from infected birds. Older people generally experience more severe illness. This disease can be treated with antibiotics.

How is it spread?

- Infection usually occurs when a person inhales bacteria, usually from dried droppings and mucous and feather dust from infected birds. People can also become infected by mouth-to-beak contact (kissing) with birds or by handling the feathers or tissues of infected birds.
- Case reports suggest transmission may occur from contact with infected aborted material, abnormal equine placentas, or symptomatic foals. Psittacosis can be spread from person to person or from other animals to humans, but this happens very rarely.
- All birds are susceptible to infection, but pet birds, especially parrots (for example: budgies, lorikeets, and cockatiels) are most frequently involved in passing the infection to humans. Human cases associated with commercial poultry flocks are very rare in Australia and usually occur in poultry workers. Contact with wild birds and their droppings can also cause infection. Outbreaks have been linked to breathing in dust stirred up by lawn mowers after being contaminated by wild bird droppings.

Who is at risk?

People most at risk of infection with psittacosis include bird owners and/or breeders, pet shop employees, and persons whose occupation places them at risk for exposure (e.g. employees in poultry slaughtering and processing plants, veterinarians, veterinary technicians, laboratory workers, workers in avian quarantine stations, taxidermists, farmers, wildlife rehabilitators and zoo workers). Lawn mowing and gardening have also been associated with psittacosis during outbreaks.

How is it diagnosed?

Your doctor can diagnose psittacosis by the symptoms, an examination and by doing some tests. Tests may

include a chest x-ray and taking some blood or respiratory samples to test for the bacteria.

How is it treated?

Psittacosis is treated with antibiotics for a period of up to two weeks.

OPTIONS

- to consider lethal & humane destruction if we cannot find new owners, finding new owners and rehoming in the territory is in breach of the act as we can't rehome in the territory.
- Rehoming in other state's is also not logistical as all the permits required waybills, and state legislation. And with the transport standards and poultry checklist which means the council being the owner by catching them means Council would have to be on site every time the peafowl leave
- rehoming interstate would be a nightmare. If the transport check sheet was not adhered to.
- Bio security Queensland, Victoria doesn't have legislation. But we can't transport.
- Or we could just leave them where they are. Make sure all bin lids are closed and all litter in yards are picked up to try and reduce the impact.

International Women's Day Celebration at Elliott

PROGRAM REPORT

Date: March 8, 2024

Time: 10:00 AM - 3:00 PM

Location: Elliott YSR Respite centre

Hosted By: Community Development Directorate (Aged Care, Safe House and Youth Sports and Recreation)

Goal:

To celebrate International Women's Day and promote community involvement, empowerment, and awareness, particularly focusing on the contributions and challenges faced by women.

Objectives:

1. To bring together members of the community, including the Aged Care Clients, Safe House clients, and Community Members.
2. To provide a platform for sharing information and resources related to women's health, empowerment, and rights.
3. To foster a sense of community solidarity and support for women's issues.
4. To create a fun and inclusive environment for all participants.

Report

The International Women's Day Celebration at Elliott proved to be a resounding success, with approximately 40-50 community members actively participating in the event. The live music by the Elliott Band was met with enthusiastic applause, adding a vibrant atmosphere to the event. The BBQ stations, offering a variety of delicious food options, were also a hit among attendees, fostering a sense of community and camaraderie.

Furthermore, the Primary and Public Health - Barkly Team's information sessions were well-received by the community members, who actively engaged with the resources and discussions provided. The team effectively shared important information related to women's health, wellness, and empowerment, contributing to the overall educational aspect of the event. Moreover, interactions with the community members proved to be fruitful, with some expressing interest in potential employment opportunities within the council, highlighting the event's potential for community engagement and networking.

The positive feedback from community members underscores the importance of hosting similar programs more frequently. Their enthusiasm and desire for more events like this demonstrate a clear demand for opportunities to come together, celebrate achievements, and engage in meaningful dialogue. Moving forward, it is evident that continuing to organise events of this nature will not only strengthen community bonds but also empower individuals to actively participate in shaping the future of their community.

Conclusion

In conclusion, the International Women's Day Celebration at Elliott was a resounding success, with strong community turnout and active engagement in the program's activities. The combination of live music, delicious BBQ, informative sessions by the Primary and Public Health - Barkly Team, and fruitful interactions with community members created a memorable and impactful event. The expressed interest from attendees in having similar programs more often underscores the event's significance in fostering community solidarity and empowerment. Moving forward, it is clear that such initiatives play a vital role in promoting inclusivity, awareness, and dialogue within the community, and should continue to be organised to further strengthen community bonds and inspire positive change.

1. AAI 341 Project Plan [10.4.1 - 3 pages]

Alcohol Action Initiative (AAI) 341, Elliott Yarning Circle Project Plan

1. Introduction:

Elliott is a small township located roughly 750km away from both Darwin and Alice Springs. It is considerable distance from regional and major urban centres presents a challenge for residents to participate in various activities, events, and support services available in larger towns. Additionally, the remoteness of Elliott results in substantial expenses associated with hiring equipment and facilitators due to extensive travel distances.

Furthermore, Elliott grapples with a scarcity of opportunities, alongside issues such as youth delinquency, alcohol, and other drug (AOD) usage, instances of bullying and physical altercations, and inconsistent school attendance. These challenges contribute to community fragmentation, diminish morale, and diminish the prospects of the younger generation.

The proposed project aims to provide the youth of Elliott with constructive and positive activities as an alternative to negative behaviours. By engaging in these activities, young individuals will have the opportunity to enhance their self-confidence and develop a sense of pride in their community.

2. Project Purpose:

The Alcohol Action Initiatives project aims to address alcohol-related harms in Elliott. The project will be conducted by Elliott School under the auspices of the Barkly Regional Council. The primary focus will be on delivering community-driven solutions to mitigate the social determinants of health associated with alcohol misuse

3. Project Budget:

- Total Budget: \$10,000
- Breakdown:
 - Construction materials for Yarning Circle: \$9,500
 - Personnel costs (including project manager, educators, community facilitators): \$200
 - Training and capacity building: \$100
 - Other project-related expenses: \$200

4. List of Activities and Timeframes:

- Activity 1: Community Consultation and Needs Assessment
 - Timeframe: April 2024

- Activity 2: Yarning Circle Construction
 - Timeframe: By July 2024
- Activity 3: Integration with FASD School Program
 - Timeframe: Throughout the project
- Activity 4: Community Engagement Events and Workshops
 - Timeframe: Throughout the project
- Activity 5: Monitoring and Evaluation
 - Timeframe: Ongoing throughout the project duration to be completed in August 2024

5. Details of Intended Collaborations with Other Local Stakeholders:

- **Barkly Regional Council:** Deliver the project plan, logistical support, community engagement, and resource allocation.
- **Elliott Hawks Men's Football Club:** BRC to engage Club in the construction of the Yarning Circle projects.
- **Local Health Services:** BRC to partner with local health services to provide support, resources, and expertise in addressing alcohol-related health issues.
- **Elliott School:** Provide a safe and secure location for the project.
- **Community Elders and Leaders:** BRC to seek guidance and support from community elders and leaders to ensure cultural appropriateness and community ownership of the project.

6. Project Management:

- Regional Manager Safe Houses and Youth Recreation Programs will oversee the implementation of the project, ensuring adherence to timelines, budget, and objectives.
- Regular project meetings will be held to review progress, address challenges, and make necessary adjustments.
- Effective communication channels will be established to facilitate coordination among project stakeholders.

7. Conclusion:

The Alcohol Action Initiatives project represents a collaborative effort to address alcohol-related harms and promote community well-being in Communities. Through community-driven projects and practical actions, we aim to create lasting positive impacts and empower individuals and families to lead healthier, more fulfilling lives. This project will not only give the community members of Elliott a positive diversionary activity to engage
