# BARKLY REGIONAL COUNCIL

## OUR VISION

**We strive to be responsive, progressive, sustainable council  
which respects, listens and empowers the people to be  
strong.**

## The Way We Will Work

**We will make it happen!**

**We will be engaged and have regular opportunities to listen.**

**We will have strong policy and budgets to ensure our  
programs and services are progressive and sustainable.**

**Respect is shown in everything we do and we have  
acceptance of all cultures in the Barkly Region and their  
practices through a culturally competent Council.**

**We are a responsible Council.**

**We will be a responsive Council.**

**We want to empower local decision making.**

**We want to ensure that our services are sustainable and that  
our region has a standard consistent level of services.**

**We want to be able to sustain our environment – our  
communities, our physical places, our people and our  
organisational culture.**

**We will aggressively pursue additional funding from both  
levels of government to improve the standard of living of  
people across the region.**

**We need to be realistic, transparent and accountable.**

## AGENDA TENNANT CREEK LOCAL AUTHORITY TUESDAY, 8 MAY 2018

The Tennant Creek Local Authority will be held in Council Chambers on Tuesday, 8  
May 2018 at 4:30pm.

**Steven Moore**  
Chief Executive Officer

**CEO REPORT ON CURRENT BRC SERVICES IN LA AREA**

---

**ITEM NUMBER** 7.1  
**TITLE** Update from the CEO  
**REFERENCE** 244872  
**AUTHOR** Steve Moore, Chief Executive Officer

**RECOMMENDATION****That the Authority**

- a) Receive and note the report

**SUMMARY:**

Clouston Associates have been engaged by Council to prepare some concept drawings for Eldorado Park, ANZAC Hill and the unused space at the swimming pool. We have tapped into Clouston's as they are completing the design work for the new Hilda Street Park and have offered to do the concept drawings at a reduced rate. A separate report covers the proposal for the Hilda Street Park.

The 'No More' campaign signage has erected at Purkiss Reserve to the left of the double gate heading into the football oval.

Work is continuing on the Cemetery and Staunton Street oval, both projects are taking much longer than anticipated. At the time of writing this report one section of fencing is still to be completed at the cemetery and ground work is yet to be completed at Staunton Street, though is well underway. The children have enjoyed playing on the mountain of dirt that has been on the oval site for several weeks.

Council was unsuccessful with our recent tender to continue to clean and street sweep Paterson Street. This is a disappointing outcome as the contract went to a Darwin company at a much cheaper rate than Council proposed. We will cease to clean Paterson Street on the 1<sup>st</sup> of June 2018; council will take all steps necessary to ensure cleaning standards on Paterson Street do not drop. Our municipal workers will be reassigned to other municipal duties within Tennant Creek.

The Purkiss reserve funding agreement has now been signed; DIPL will be project managing the upgrade at no cost. We anticipate the design stage of the project to commence shortly, once the designs are complete and approved by Council the project should go to tender. DIPL are planning to have the project completed by Christmas.

The Local Authority still have funds that need to be allocated before the end of the financial year. Once again I ask that the committee give consideration to how this money should be spent.

**OTHER BUSINESS**

---

**ITEM NUMBER** 17.1  
**TITLE** Request to Close laneways in Tennant Creek  
**REFERENCE** 244772  
**AUTHOR** Steve Moore, Chief Executive Officer

**RECOMMENDATION**

**That Council**

- a) **Receive and note the report**

**SUMMARY:**

Several complaints have been received from rate payers regarding public laneways running between houses in Tennant Creek. Some complaints stretch back several years and this may be an appropriate time for Council to consider the future of the laneways.

In recent years many councils have been either removing or closing off laneways to reduce anti-social behaviour in these areas. A number of laneways in Tennant Creek are currently used to:

- Gain access to the rear of adjoining houses to carry out criminal activities.
- To sit and drink
- To avoid police

For some residents laneways are a convenient short-cut to visit friend and family in adjoining streets, however most take less than 200m off the walking distance.

To remove the laneways is a complicated process that it is estimated would take 12 to 18 months to complete. We would be required to survey each laneway to be removed and then request the department of Lands and Planning to adjoin the laneways to existing Lot numbers. The new owners (that agree to taking on the land) would then be responsible for fencing the addition to their property.

As a first step in this process we recommend that council seek public feedback of the individual laneways to assist in determining which, if any, laneways should be removed.

**OTHER BUSINESS**

---

**ITEM NUMBER** 17.3  
**TITLE** New Park on Hilda Street Tennant Creek  
**REFERENCE** 244814  
**AUTHOR** Steve Moore, Chief Executive Officer

**RECOMMENDATION****That the Authority**

- a) Receive and note the report
- b) Recommend to Council the equipment that should be installed at the Hilda Street Park with the pre-allocated LA finding of \$60,000

**SUMMARY:**

The new Peko Road estate is scheduled to have the public spaced handed over to Council in the coming months. The hand over will include a large parcel of land on Hilda Street that has been allocated to be a public park.

The department of Lands and Planning have committed to completing groundworks on the parkland including pathways, irrigation, lighting and planting of trees and tree guards.

Council will aim to complete the fitout of the park at the same time the ground works are completed to minimise costs and deliver the park to residents at the earliest possible date.

The attached plan shows the layout of the park, due to stormwater runoff there is not much scope to change the ground layout.

The LA has previously allocated \$60,000 to go towards the new park setup costs.

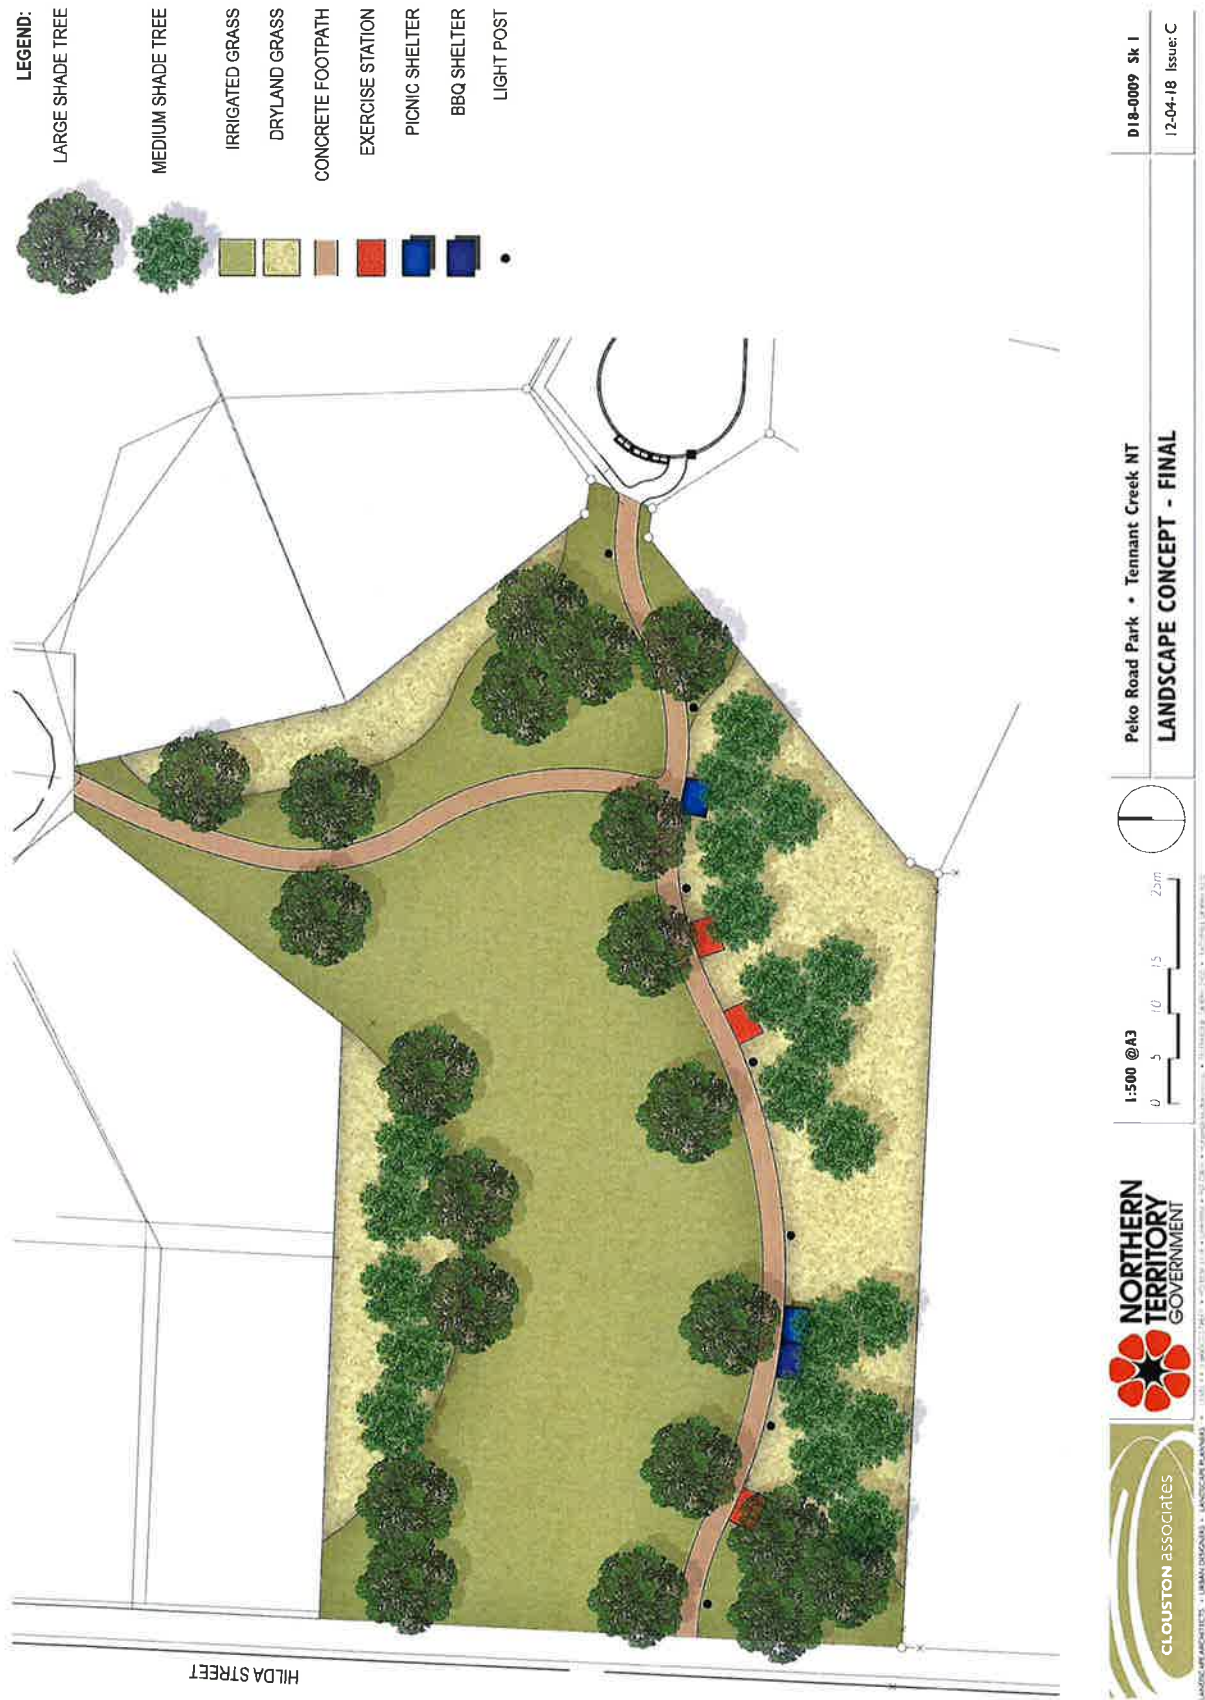

I request that the LA members consider the following:

- What equipment is to be installed (tables & chairs, BBQ's, exercise equipment )
- Where should it be placed

We would like to present the LA's recommendation to Council a the May council meeting to minimise the chance of any delays
