

# Barkly Regional Council Traffic Management Study

Tennant Creek | Ali Curung | Alpurrurulam | Ampilatwatja | Arlparra

## Hello.

Cardno has been appointed by Barkly Regional Council to carry out a Traffic Management Study of five communities within the Council area. We want to understand any concerns you may have about safety on the roads and paths in your community and what you would like to see improved. You know your community much better than we do so your local knowledge is really important.

We would be grateful if you would answer the following questions to help us begin to understand the transport related issues in your community.

The information gathered from this survey will help us to identify the most important issues for each community and advise the Council on the best way of making improvements.

We will include recommendations for improvements and priorities in a Traffic Management Study report to help Council and the Territory Government make decisions about future spending.

The Cardno project team will be visiting each community to do a walk-around accompanied by representatives from each of the communities on the following dates:

- Tennant Creek – Friday, 5<sup>th</sup> August
- Alpurrurulam – Monday, 8<sup>th</sup> August
- Ampilatwatja – Tuesday, 9<sup>th</sup> August
- Arlparra – Wednesday, 10<sup>th</sup> August
- Ali Curung – Thursday, 11<sup>th</sup> August

The project team would love to speak to you about transport issues that interest you while they are in your community so if you’d like to share your ideas or concerns directly with us please contact your community leader or Cardno’s consultation manager (contact details below) so we know to ask for you when we are there.

Barkly Regional Council Traffic Management Study  
Consultation Manager – Denise Morgan

## Section 1 (About You)

1. Are you male or female?

- ☐ Male ☐ Female

2. How old are you?

- ☐ 0-11 ☐ 12-16 ☐ 17-25 ☐ 26-35  
☐ 36-45 ☐ 46-55 ☐ 56-65 ☐ over 65

## Section 2 (In Your Community)

3. Where do you live most of the time?

- ☐ Tennant Creek ☐ Ali Curung ☐ Arlparra  
☐ Alpurrurulam ☐ Ampilatwatja ☐ Other (where?)

4. Do you think the roads and pathways in your community are safe?

- ☐ Yes (go to question 6) ☐ No (go to question 5)

5. If no, what do you think is unsafe? Please describe your concerns in the space below and provide as much detail as you can. The map on the next page might help you to point out particular places you think are not safe. What is not safe and are the particular times when they are less safe than others?

6. Do you need to use a mobility aid (e.g. walking frame, wheelchair, “gopher scooter”, etc) to move around?

- ☐ Yes (go to question 7) ☐ No (go to question 8)

7. If yes, what kind of aid do you use? (write it in the space below)

8. If yes, are there any places in your community that are hard for you to move around in or get to?

- ☐ Yes ☐ No

9. If yes, are there any locations where you have difficulty moving around? Please describe them in the space below. The map on the next page might help you point out problem areas.

## Section 3 (Outside Your community)

10. How often do you travel outside your community?

- ☐ Every day ☐ Once or twice a week  
☐ Fortnightly ☐ Once a month  
☐ Less than once a month

11. Please list the 3 main places you travel to outside of your community and what is your main reason of going there and how you usually get there? For example:

- Alice Springs – medical treatment – as a car passenger
- Tennant Creek – football games – as a car driver
- Darwin – visit family – by plane

	Place	Reason	How you get there
1.			
2.			
3.			

12. Do you think the existing roads and travel services allow you to travel outside your community easily when you need to?

- ☐ Yes ☐ No

13. If no, what is the problem as you see it? Some examples might include:

- Road to Tennant Creek (or other place) is not graded often enough, closed due to flooding or not 2WD accessible
- Bus services are not often enough
- It costs too much to go on the plane

## Alpururulam
